

BOBBI MASTRANGELO'S ART CREATIONS Part 1
"FL CITRUS 467-1"

Bobbi Mastrangelo is internationally known for her art based on the theme of manhole covers, water covers, grates and drains.
Her sculpture relief works for walls are light weight and easy to hang.

Bobbi sometimes adapts preformed foam shipping containers, such as the one used for FL Citrus 467-1.

The white foam shipping container had sets of little cubicles. Bobbi put glass "Water drops in the center spaces.

Orange seeds were on the bottom right, while styrofoam "Oranges" were in the bottom left compartment

The light behind the "W" Water cover represented the "Sun"

Objects in all of the compartments represented the Florida Citrus Growing cycle entitled "FL CITRUS 467-1"

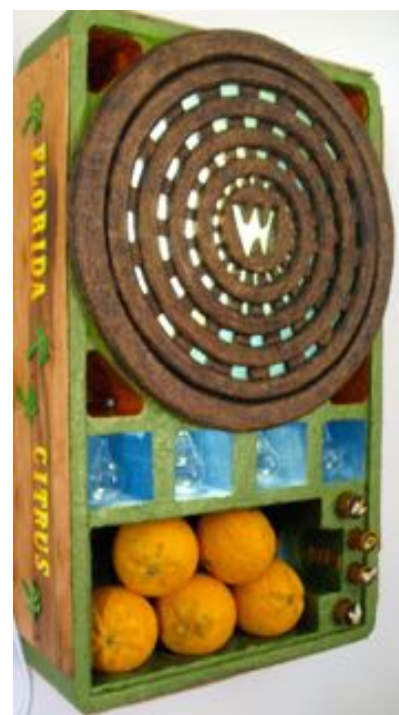

Foam Shipping Container, left, painted with area planning.

Light bulb top left.

Center: gluing glass "Water Drops" with Liquid Nails.
